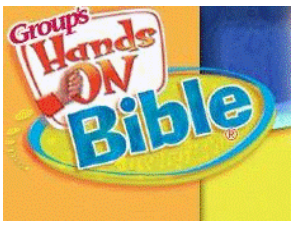
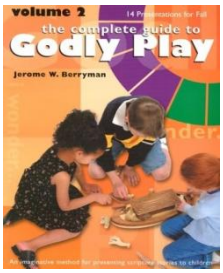
ST. MATTHEW'S LUTHERAN CHURCH 2010-2011

Sunday School Registration



9:30 Sunday School –Kids age 3-5th grade will begin with singing and a puppet show in worship and then split into age group classes where they will have tons of fun with games, crafts, snacks, stories, and activities that they can see, hear, touch, smell, and taste. With a single Bible point to focus on and a single story being reinforced over multiple weeks, your child will really remember what they learn about old testament characters like Daniel, David, Joseph, and Ruth this Fall and then explore Jesus' birth, miracles, and parables through the Winter.



11:00 Sunday School –Following the opening songs and children's message in worship, kids age 3-5th grade will be invited to leave worship and gather in the coffee room in one multi-age group. Through the Montessori based Godly Play program, children will hear multi-sensory Bible storytelling, learn and explore during choice work time, and share "a feast". Godly Play draws together the scriptures, experience of God, and all the main elements of traditional worship in a playful way.
